OneStop KWC

INDEPENDENT CONTRACTOR SERVICES AGREEMENT

Kitchener – Waterloo – Cambridge, Ontario

This Agreement is made between OneStop KWC ("OneStop" or "Platform") and the Contractor identified below (the "Contractor"), together the "Parties." This Agreement sets out the terms under which the Contractor, as an independent business, may accept referrals or assignments sourced by OneStop KWC. This Agreement is intended to support an independent contractor relationship and not an employment relationship.

Cooling-Off Period. The Contractor may cancel this Agreement for any reason within five (5) calendar days of signing by providing written notice to OneStop. Upon timely cancellation, future performance obligations, fees, penalties, and restrictive covenants shall not apply. However, OneStop may retain limited onboarding, screening, fraud-prevention, tax, accounting, insurance, dispute, and legal-compliance records to the extent permitted by applicable privacy law and Section 14 of this Agreement.

Engagement Summary

Platform	OneStop KWC ("OneStop")
Contractor	Allan Garcia
Effective Date	7.09.2026
Primary Service Category	Handyman / Residential Home Services
Service Area	Kitchener – Waterloo – Cambridge, Ontario
Contractor Billing Rate	As set out in Schedule A

PART A — RELATIONSHIP AND STRUCTURE

1. Relationship of the Parties

1.1. Platform Services. OneStop operates a referral and booking platform that provides marketing, customer intake, scheduling, and payment-processing services to independent contractors. OneStop is a service to the Contractor; the Contractor is not a service to OneStop.

1.2. Independent Contractor Status. The Contractor is and will remain an independent contractor carrying on business on their own account. The Contractor is not an employee, worker, agent, partner, franchisee, or joint venturer of OneStop.

1.3. No Employment Entitlements. Nothing in this Agreement creates any entitlement to overtime pay, vacation pay, public-holiday pay, termination pay, severance pay, benefits, Employment Insurance, Canada Pension Plan contributions, workers' compensation coverage through OneStop, or any other rights arising only from an employment relationship.

1.4. No Authority to Bind. The Contractor has no authority to bind OneStop, make promises on OneStop's behalf, extend credit, settle claims, or enter into contracts for OneStop unless OneStop gives prior written authorisation for a specific matter.

1.5. Substance Over Form. The Parties acknowledge that merely labelling a relationship as "independent contractor" is not determinative. Their intention is that the Contractor operate an independent business and perform services accordingly. To the extent that any term of this Agreement or Schedule is inconsistent with a genuine independent-contractor relationship, the Parties agree to work together in good faith to amend such term.

1.6. Voluntary Agreement. Each Party has entered into this agreement voluntarily. The Contractor acknowledges that the billing rate in Schedule A was mutually discussed and agreed upon during onboarding and is not unilaterally imposed by OneStop.

1.7. Actual Practice. The Parties agree that this Agreement must be followed in practice. OneStop will not require the Contractor to work fixed shifts, accept a minimum number of assignments, work exclusively for OneStop, use prescribed work methods, or obtain prior approval for ordinary work methods, except where reasonably required for customer safety, legal compliance, insurance coordination, or the assignment-specific customer scope.

1.8. Reclassification Contingency. If a court, tribunal, government agency, or regulatory body of competent jurisdiction determines that the Contractor is an employee of OneStop despite the Parties' intention expressed in this Agreement, the following shall apply: (a) any amounts previously paid to the Contractor as service fees shall be deemed to include all statutory entitlements, including vacation pay, public-holiday pay, termination pay, and any other entitlements under the Employment Standards Act, 2000 (Ontario), to the maximum extent permitted by law; (b) the Contractor's billing rate in Schedule A shall be deemed to have been set with the understanding that it encompasses all such entitlements; (c) OneStop may set off any amounts it is ordered to pay against amounts already paid to the Contractor; and (d) this clause does not limit any minimum entitlement that cannot lawfully be waived or contracted out of under the ESA or other applicable legislation.

1.9. Periodic Relationship Review. The Parties agree to review the practical operation of this Agreement at least once every twelve (12) months to confirm that the relationship continues to reflect a genuine independent-contractor arrangement. Either Party may request an interim review at any time.

2. No Guarantee of Work; Right to Accept or Decline

2.1. Referral Opportunities. OneStop may, but is not required to, offer referral opportunities or assignment requests to the Contractor from time to time.

2.2. Freedom to Accept or Decline. The Contractor is free to accept or decline any assignment for any lawful reason. No explanation is required for declining.

2.3. No Minimum Work Guarantee. There is no minimum amount of work, no exclusivity, and no promise of continued referrals or earnings.

2.4. Non-Exclusivity. The Contractor is free to provide services to other customers, businesses, platforms, or competitors, provided the Contractor complies with the confidentiality and non-solicitation obligations in this Agreement.

2.5. No Penalty for Declining. Declining assignments will not, by itself, result in suspension or termination of this Agreement.

3. Contractor Control Over Work

3.1. Method and Manner of Work. Subject to the customer scope agreed for a particular assignment, applicable law, customer safety, and the Outcome Standards in Part B, the Contractor controls the manner and means of performing the services.

3.2. Schedule and Route Autonomy. The Contractor controls their own schedule, route planning, order of tasks, work methods, and the supplies or equipment they use, except where customer-specific requirements, safety requirements, or legal requirements reasonably require otherwise.

3.3. Self-Assessment of Capability. The Contractor is responsible for determining whether they have the skill, availability, transportation, and equipment needed before accepting an assignment.

3.4. Assistants and Substitutes. The Contractor may engage assistants or substitutes in accordance with Section 11. The Contractor's right to subcontract is a fundamental element of this independent-contractor relationship.

PART B — OUTCOME STANDARDS AND SERVICE DELIVERY

The standards in Part B describe the minimum outcomes expected when a contractor accepts an assignment through OneStop. They define what results are expected, not how the Contractor must achieve them.

4. Services, Scope, and Customer Expectations

4.1. Assignment Details. For each accepted assignment, OneStop will provide the customer's requested scope, location, target timing, and relevant notes reasonably necessary to perform the assignment.

4.2. Standard of Work. The Contractor shall perform accepted assignments in a professional, lawful, safe, and workmanlike manner.

4.3. Timeliness. If an accepted assignment includes a target arrival window or scheduled appointment time, the Contractor will use commercially reasonable efforts to meet that timing and will promptly notify OneStop if delay is expected.

4.4. Competence Limits. The Contractor must not perform work outside their competence, licensing, insurance, or legal authority.

4.5. Scope Changes. If additional work is identified beyond the original scope during an assignment, the Contractor must obtain customer authorisation and notify OneStop for booking and billing purposes before proceeding.

4.6. Customer Booking and Consumer-Protection Compliance. OneStop will provide or confirm customer-facing booking details, including scope, location, requested timing, and the applicable pricing basis before an accepted assignment proceeds. The Contractor must not materially change the approved scope, pricing basis, materials, or service description without customer authorisation and a OneStop booking update.

4.7. Consumer Protection Act Compliance. For any assignment where the total estimated cost exceeds $50 CAD, the Contractor shall ensure that a written estimate or confirmation is provided to the customer before work begins, consistent with the Consumer Protection Act, 2002 (Ontario) and Ontario Regulation 17/05. OneStop will provide a template or booking confirmation that satisfies these requirements. The Contractor must not commence work that would exceed the estimate by more than 10% without obtaining the customer's documented authorisation.

4.8. Typical Scope. Typical assignments may include, but are not limited to: minor drywall patching and repair; door adjustments and hardware replacement; cabinet adjustments; shelf, curtain-rod, mirror, and TV mounting; furniture assembly; caulking and finishing; basic painting touch-ups; trim and small carpentry work; minor bathroom and kitchen repairs; replacing handles, hinges, locks, and fixtures; and general residential odd jobs and light home maintenance.

4.9. Licensed Work. The Contractor must only accept assignments matching their verified skills. Work requiring a licensed trade must not be performed unless the Contractor holds the applicable licence and has confirmed this with OneStop in writing for that assignment.

5. Outcome Standards and Platform Eligibility

These standards describe the outcomes OneStop's customers expect. They do not prescribe the Contractor's methods. How the Contractor achieves these outcomes is within the Contractor's professional discretion.

5.1. Preparation. Before arriving at a customer location, the Contractor is expected to have reviewed the booking details and confirmed they have the skill, tools, materials, transportation, insurance, and legal authority required for the assignment.

5.2. During the Assignment. The Contractor is expected to: confirm the approved scope with the customer before starting; perform work safely and lawfully; document any pre-existing damage with photos and notify OneStop; limit work to the approved scope; obtain customer authorisation before expanding scope; and cease work if it appears unsafe, unlawful, or outside the Contractor's competence.

5.3. After the Assignment. The Contractor is expected to ensure the customer has an opportunity to review the completed work, confirm job completion with OneStop, and provide notes, photos, receipts, or incident details as reasonably required.

5.4. Customer Privacy and Respect. The Contractor is expected to treat the customer's home and belongings with care, avoid unnecessary contact with personal items, and maintain confidentiality regarding anything observed in a customer's home.

5.5. Work-Area Condition. The Contractor is expected to leave the immediate work area in no worse condition than when the Contractor arrived, including removal of waste, debris, and packaging.

5.6. Time-Sensitive Bookings. OneStop may offer time-sensitive bookings that include a target arrival window. The Contractor is free to accept or decline. Repeated inability to meet accepted time-sensitive bookings may be considered when offering future referrals.

6. Property Damage Protocol

This Protocol is a customer-care and insurance-coordination procedure, not a finding of fault.

6.1. Stop and Document. If customer property is damaged during an assignment, the Contractor should stop the affected work immediately where safe to do so, take clear photos from at least two angles, and note the time, location, and what was happening when the damage occurred.

6.2. Notify OneStop Within 24 Hours. The Contractor shall send photos and a short written description to OneStop within twenty-four (24) hours of the incident, or before leaving the customer's home if the damage is significant.

6.3. Insurance-Preservation Guidance. The Contractor is advised not to offer the customer money, a discount, or a side repair; not to admit legal fault; and not to negotiate a final resolution directly with the customer.

6.4. Pre-Existing Damage. If the Contractor notices damage that existed before starting, the Contractor should photograph it and tell OneStop before starting the affected work.

6.5. Resolution and Cooperation. OneStop will coordinate with the Contractor, the customer, and the Contractor's insurer. The Contractor's CGL insurance is the primary coverage. OneStop will use commercially reasonable efforts to resolve damage matters within thirty (30) calendar days. The Contractor shall provide all reasonably requested documentation within seven (7) calendar days.

6.6. What Counts as Damage. Any unintended physical change to the customer's home, belongings, or surrounding property caused during an assignment.

6.7. Failure to Follow Protocol. Failure to report damage within 24 hours, or attempts to resolve damage outside this Protocol, may result in suspension of referrals and may affect the Contractor's CGL coverage.

PART C — FINANCIAL TERMS

7. Service Fee and Payment

7.1. Billing Rate. The Contractor's billing rate for assignments accepted through the OneStop platform is as set out in Schedule A. Either Party may propose a change at any time; any agreed change must be documented in writing.

7.2. Platform Service Fee. OneStop's customer-facing rate and any platform service fee retained by OneStop are separate from the Contractor's billing rate. OneStop sets its own customer pricing independently.

7.3. Payment Method and Timing. For each completed assignment, payment will be issued by OneStop to the Contractor by Interac e-Transfer as soon as reasonably practicable after: (a) OneStop has received cleared customer funds for the assignment; and (b) job completion has been confirmed. OneStop shall confirm or dispute job completion within two (2) business days of receiving the Contractor's completion notice. If OneStop does not confirm or dispute job completion within that two (2) business day period, the assignment shall be deemed confirmed for payment-processing purposes. Nothing in this section requires OneStop to advance payment before receiving cleared customer funds, unless otherwise agreed in writing.

7.4. Booking Through OneStop. All bookings are managed through OneStop. The Contractor must confirm completion with OneStop before payment is processed.

7.5. Payment Disputes. OneStop will review disputes in good faith within fourteen (14) business days. The undisputed portion of the payment will be released immediately. Interest at the Bank of Canada overnight rate plus two percent (2%) will accrue on any amount not paid within the timelines set out in Section 7.3.

7.6. Payment During Force Majeure. A force majeure event does not relieve OneStop of the obligation to pay for assignments already completed and confirmed. Payment timelines may be extended by the duration of the force majeure event.

8. Taxes, HST, and Business Records

8.1. Tax Responsibility. The Contractor is solely responsible for all income taxes, HST/GST obligations, remittances, instalments, bookkeeping, and any required filings.

8.2. No Withholding. OneStop will not withhold income tax, CPP, or EI on the Contractor's behalf.

8.3. HST/GST Registration. If the Contractor is registered for HST/GST, the Contractor must provide their registration number and separately identify any applicable tax on payment records.

8.4. Small Supplier Exemption. If not registered for HST/GST, the Contractor represents that they are either below the registration threshold or not otherwise required to collect HST/GST, and will promptly notify OneStop if that changes.

9. Tools, Equipment, Expenses, and Vehicle

9.1. Tools and Equipment. The Contractor supplies and maintains, at the Contractor's own cost, all tools, equipment, supplies, devices, transportation, protective equipment, mobile service, and other items required to perform the services.

9.2. Risk of Profit or Loss. The Contractor bears the risk of profit or loss in operating their business, including fuel, vehicle costs, phone costs, supplies, labour for any assistants, insurance, and general overhead.

9.3. Equipment Standards. The Contractor is responsible for ensuring all tools and equipment used are lawful, suitable, and reasonably safe.

9.4. Specialised Materials. If a job requires specialised materials or equipment beyond the Contractor's standard kit, the Contractor must coordinate with OneStop before the appointment.

PART D — COMPLIANCE AND RISK

10. Insurance, WSIB, and Legal Compliance

10.1. Insurance Requirements. Before performing any assignment, the Contractor shall obtain and continuously maintain commercial general liability (CGL) insurance with a minimum limit of $1,000,000 per occurrence, with OneStop KWC named as an additional insured.

10.2. Pre-Assignment Documentation. Before accepting any assignment, the Contractor must provide OneStop with: (a) a valid WSIB Clearance Certificate, refreshed every sixty (60) days; (b) a WSIB status determination letter (Form 1158A or equivalent) confirming independent operator status; or (c) a completed WSIB Non-Applicability Declaration in Schedule C.

10.3. Legal Compliance. The Contractor shall comply with all applicable federal, provincial, and municipal laws, including privacy, consumer protection, occupational health and safety, human rights, transportation, and licensing requirements.

10.4. Proof of Compliance. If OneStop requests proof of insurance, licensing, or identity reasonably related to customer safety or lawful operation, the Contractor shall provide it promptly.

10.5. Immediate Notification. The Contractor must immediately notify OneStop in writing if their insurance, WSIB status, licence status, work-authorization status, or legal authority changes.

10.6. Occupational Health and Safety. The Contractor acknowledges that, for each accepted assignment, the Contractor is the “constructor” and “employer” (if applicable) within the meaning of the Occupational Health and Safety Act (Ontario) and is solely responsible for all OHSA obligations at the work site.

10.7. Accessibility and Human Rights. The Contractor shall comply with the Accessibility for Ontarians with Disabilities Act, 2005 (AODA), the Ontario Human Rights Code, and all applicable accessibility standards when providing services to customers. The Contractor shall not discriminate against any customer on any protected ground.

11. Assistants and Subcontracting

11.1. Right to Engage Assistants. The Contractor may engage assistants or substitutes. Before any assistant attends a customer location, the Contractor shall notify OneStop and provide evidence of safety-screening compliance.

11.2. Assistant Screening. Any assistant or substitute must satisfy reasonable customer-safety screening, including identity verification, proof of eligibility to work in Canada, and a criminal-record check where lawfully permitted.

11.3. Contractor Responsibility. The Contractor remains fully responsible for the acts, omissions, payment, supervision, insurance, taxes, and legal compliance of any assistant or substitute.

11.4. OneStop Objection Rights. OneStop may object to a specific individual only on reasonable, documented customer-safety grounds, communicated in writing with reasons.

12. Experience and Qualifications

12.1. Experience Confirmation. The Contractor confirms a minimum of five (5) years of handyman or residential repair experience and competence in the types of work they accept.

12.2. Reference Review. Before the first assignment, OneStop shall review at least two references, a portfolio, or other reasonable evidence of experience.

12.3. Transportation. The Contractor confirms reliable personal transportation across Kitchener, Waterloo, and Cambridge.

12.4. Misrepresentation. Misrepresentation of experience, qualifications, or licensing will result in immediate termination.

12.5. Business Status Evidence. The Contractor may provide business-status evidence such as a business name, HST/GST number, website, proof of service to other customers, or trade certifications. Absence of a single item is not determinative.

PART E — CONFIDENTIALITY, PRIVACY, AND RESTRICTIVE COVENANTS

13. Confidentiality and Customer Data

13.1. Confidentiality. The Contractor shall keep confidential all non-public information received through OneStop or the customer.

13.2. Permitted Use. Customer information may only be used to complete an accepted assignment and any reasonable follow-up authorised by OneStop.

13.3. Disclosure Prohibition. The Contractor must not post, share, sell, or disclose customer information except as required by law or with written consent.

13.4. Survival. These obligations survive termination of this Agreement.

14. Data Retention and Destruction

14.1. Record Retention. OneStop may retain contractor records for seven (7) years from the date of the last completed assignment, the date of final payment, or the date of onboarding decision, or such longer period as required by law.

14.2. Identification Data. OneStop will not retain copies of government-issued identification numbers beyond verification, unless legally required.

14.3. Vehicle and Transportation Data. Vehicle information is retained for the same period as other contractor records and used solely for assignment logistics, customer-site coordination, and incident documentation.

14.4. Data Destruction. After the retention period, OneStop will securely destroy or anonymise all personal information, except where retention is required by law.

14.5. Access and Correction. The Contractor may request access to, or correction of, their personal information in accordance with applicable privacy legislation.

15. Non-Solicitation and Non-Circumvention

15.1. Non-Solicitation Period. During this Agreement and for twelve (12) months after the Contractor's last completed assignment, the Contractor shall not knowingly solicit or accept direct business from any customer first introduced through OneStop, for services of the same type, unless OneStop gives written consent. This does not apply to pre-existing business relationships.

15.2. General Advertising. General advertising to the public is not prohibited.

15.3. No Bypassing. The Contractor shall not use customer contact details obtained through OneStop to bypass the platform.

15.4. Cure Period. OneStop will provide written notice of any alleged breach. The Contractor shall have fourteen (14) days to cure.

15.5. Divisibility. If a court finds this Section 15 unreasonable, the court is requested to reduce it to the minimum enforceable scope.

16. Non-Disparagement and Social Media

16.1. Contractor Obligations. During this Agreement and for twelve (12) months after termination, the Contractor shall not make false, misleading, or defamatory statements about OneStop.

16.2. OneStop Obligations. OneStop shall not make statements about the Contractor that are knowingly false or intended to damage the Contractor's professional reputation.

16.3. Permitted Communications. Nothing prevents either Party from making truthful statements in legal proceedings, regulatory inquiries, or to professional advisors, or posting truthful non-defamatory reviews that do not disclose confidential information.

16.4. Remedies. Either Party may seek injunctive relief for a breach of this Section 16.

16.5. Mutual Removal Obligation. If either Party identifies content that reasonably breaches this section, they will notify the other in writing. The responsible Party shall remove the content within seven (7) calendar days. This obligation applies equally to both Parties.

PART F — TERM, TERMINATION, AND DISPUTES

17. Accurate Information; Reporting Concerns; No Retaliation

17.1. Truthful Information. The Contractor shall provide truthful information about their identity, experience, availability, licences, insurance, and assignment-completion status.

17.2. Incident Reporting. The Contractor shall promptly report any injury, property damage, customer complaint, police attendance, threat, or allegation of misconduct.

17.3. Good-Faith Complaints. Nothing prevents the Contractor from making good-faith complaints to government bodies, insurers, courts, or regulators.

17.4. Reporting Issues. The Contractor shall promptly report non-payment, harassment, unsafe conditions, discrimination, or other serious issues to OneStop in writing.

17.5. No Retaliation. OneStop will not retaliate against good-faith reports. A lawful reduction or termination of referrals based on legitimate business needs is not retaliation.

18. Dispute Resolution

18.1. Good-Faith Negotiation. The Parties shall first attempt resolution through good-faith negotiation within thirty (30) days of written notice.

18.2. Mediation. If unresolved within thirty (30) days, either Party may refer the matter to mediation in Kitchener-Waterloo, Ontario, with costs shared equally. Total mediation costs shall not exceed $2,000 CAD without a written agreement.

18.3. Post-Mediation Proceedings. If mediation does not resolve the dispute within sixty (60) days, either Party may commence proceedings in the Ontario Superior Court of Justice or Small Claims Court. Mediation is a condition precedent except for urgent interim relief.

18.4. Preservation of Rights. Nothing prevents either Party from seeking urgent interim relief or filing a statutory complaint.

19. Term and Termination

19.1. Effective Date and Duration. This Agreement starts on the Effective Date and continues until terminated by either Party.

19.2. Termination on Notice. Either Party may terminate with fourteen (14) days' written notice. The Contractor shall complete in-progress assignments unless otherwise agreed.

19.3. Immediate Termination. OneStop may suspend referrals or terminate immediately for: theft, fraud, or dishonesty; violence, harassment, or discrimination; unlawful conduct; serious customer-safety concerns; sending unapproved individuals to customer locations; repeated no-shows (three or more in sixty days); material breach of confidentiality or non-disparagement; misrepresentation of qualifications; insurance or WSIB lapse; or concealment of property damage.

19.4. Payment for Completed Work. Termination does not affect the Contractor's right to payment for completed assignments.

19.5. Surviving Provisions. Sections 8, 13, 14, 15, 16, 20, and 21 survive termination.

20. Indemnification and Liability

20.1. Contractor Indemnity. The Contractor shall indemnify, defend, and hold harmless OneStop from claims arising out of the Contractor's acts, omissions, negligence, or breach; any injury, death, or property damage; failure to maintain insurance, WSIB, or licences; any tax or regulatory liability; and any IP infringement.

20.2. Contractor Indemnity Cap. Total aggregate liability shall not exceed the greater of (a) twelve months' fees paid, (b) the CGL per-occurrence limit, or (c) $50,000 CAD. This cap does not apply to fraud, wilful misconduct, criminal acts, or CGL-covered claims.

20.3. Insurance Gap Liability. If the Contractor's CGL insurance does not respond because coverage lapsed or policy terms were not maintained, the Contractor is personally liable for the full claim amount without the benefit of the cap in Section 20.2.

20.4. OneStop Liability Cap. OneStop's total aggregate liability shall not exceed twelve months' undisputed fees paid.

20.5. No Consequential Damages. Neither Party is liable for indirect, incidental, consequential, special, or punitive damages.

20.6. Survival. Section 20 survives termination for three (3) years.

PART G — GENERAL PROVISIONS

21. Governing Law and General

21.1. Governing Law. This Agreement is governed by the laws of Ontario and the federal laws of Canada applicable in Ontario.

21.2. Severability. If any provision is held unenforceable, the remaining provisions continue. The court is requested to modify any unenforceable provision to the minimum extent necessary.

21.3. Entire Agreement. This Agreement, including its Schedules, is the entire agreement and supersedes all prior discussions. No external handbook, policy document, or guideline is incorporated by reference unless expressly listed as a Schedule.

21.4. Amendments. Any amendment must be in writing and signed by both Parties, except that assignment-specific details may be agreed by email, text, or platform message.

21.5. Notices. All formal notices shall be in writing by email. Notice is deemed received on the earlier of confirmed acknowledgment or forty-eight (48) hours after sending. OneStop: OneStopKWC@gmail.com.

21.6. Assignment. The Contractor may not assign without prior written consent. OneStop may assign to a successor in a sale, merger, or reorganisation.

21.7. Business Wind-Down. If OneStop permanently ceases operating, it will use commercially reasonable efforts to notify active Contractors, process undisputed payments, and preserve legally required records.

21.8. Force Majeure. Neither Party is liable for delay caused by events beyond reasonable control, provided the affected Party gives prompt notice.

21.9. Electronic Signatures. An electronic signature has the same legal effect as a handwritten signature under the Electronic Commerce Act, 2000 (Ontario).

21.10. Independent Legal Advice. The Contractor acknowledges the opportunity to obtain independent legal advice and that a five (5) calendar day cooling-off period is available.

21.11. Counterparts. This Agreement may be executed in counterparts.

21.12. No Waiver. Failure to enforce any provision is not a waiver. Any waiver must be in writing.

Schedule A — Service Fees and Payment

Service-fee model	Hourly
Contractor's billing rate	$40 CAD per hour (mutually agreed)
OneStop platform fee	Set independently by OneStop; separate from the Contractor's billing rate
Payment timing	Within 5 business days of confirmed job completion
Payment method	Interac e-Transfer
Rate renegotiation	Either Party may propose a change; changes upon written agreement

Schedule C — WSIB Non-Applicability Declaration

Complete this declaration only if WSIB registration is not applicable to your business or services.

☐ I am an independent contractor and not an employee of OneStop KWC or any customer.

☐ Based on my own assessment, I have determined that WSIB registration is not required for the services I provide through the OneStop platform.

☐ I understand that if I am not WSIB-registered, I am not covered by WSIB through OneStop and remain solely responsible for workplace injury costs.

☐ I acknowledge that I may obtain optional WSIB or private disability/accident insurance at my own cost.

☐ I will immediately notify OneStop in writing if my WSIB status changes.
